

The Aurelius Foundation presents: STOICS IN BUSINESS

Overview

Our webinar is hosted by Aurelius Foundation founders, Justin Stead and Joe Eastin.

We examine the ways in which Stoicism has made us better business leaders and how in a practical way we can apply the cardinal Stoic virtues in business.

Key Takeaway

- **Wisdom** is accrued in business over time as we learn from our successes and failures
- In business we can exercise **Justice** as Stoics by creating WIN-WIN situations for all parties
- In exercising **Temperance** as Leaders we can make better business decisions by taking a measured approach and capitalising on opportunities when they arise
- In business it takes **Courage** to carry your convictions and your team with you with strong leadership
